

HAMPTON UNIVERSITY
HAMPTON, VA 23668

Vice President for
Administrative Services

December 27, 2021

Dear Hampton University Students,

It is my hope that all of you are enjoying the winter break with your loved ones and finding time to relax and have some COVID-friendly fun. The University looks forward to your return to campus for the spring semester.

Many are aware that COVID – 19 cases are increasing and the omicron variant is spreading. This has caused cancelled flights, altered travel plans and breakthrough cases. With this in mind, Hampton University has made adjustments to our plans for the start of the spring semester. Classes will begin as scheduled on January 10, 2022. **However, the first two weeks of classes will be conducted remotely via Blackboard Collaborate and Zoom. Instructors will directly communicate to students the details related to the specific courses they teach prior to January 10, 2022.**

New Students

New students should arrive as scheduled on January 5, 2022. Students will be allowed to move into their residence hall and conduct university business after testing for COVID – 19. Testing for new students will begin at 9:00 a.m. in Holland Hall.

Continuing Students

Correspondence was emailed to continuing students on December 20, 2021 with a date and time to test for COVID – 19. **Please follow the schedule you received. All students must be tested on campus in Holland Hall no later than 5:00 pm, Thursday, January 13, 2022. Reminder emails will be sent this week. You may move into your residence hall as scheduled.**

Please continue to be safe by wearing face coverings and practice social distancing.

Hampton Hugs,
Barbara L. Inman, Ed.D /s/
Vice President for Administrative Services
Infectious Disease and Prevention Working Group, Chair
