Message from the Director...

As Director, I realize that federal, state, institutional aid, or even out-of-pocket funds may not always be sufficient to cover most students' total college related expenses at Hampton University.

This publication is designed to assist students with identifying potential scholarships/grants, and paid internship opportunities, germane to the colleges that comprise the University.

I believe that when it comes to paying for a college education, reducing the financial burden of the student allows them to more easily to matriculate and graduate from the University.

It is oftentimes said that time is money! As such, you want to utilize your time more wisely, as it relates to searching for potential funding opportunities available from private sources. I strongly encourage you to dedicate at least one hour a week thorough out your tenure at the University.

While it is true that searching for scholarships from private sources can be sometimes be a daunting task, I would hope that you would view your time spent as simply an investment into your education.

Good luck in your search efforts.

With all good wishes,

Martin Miles

Scholarship Search Tips

Please allow us to congratulate you on taking the next step in the financial aid process, after completing your Free Application for Federal Student Aid (or [FAFSA](#))! Considering you have done the above (if desired), we have the following scholarship search tips that may help increase your chances of earning scholarships, grants and other gift aid!

1. **START SEARCHING FOR SCHOLARSHIPS EARLY!** “The early bird gets the worm” rings true when it comes to scholarships, grants and other gift aid! Many opportunities are widely advertised and it is likely other students like you are looking for the same ones. It is also very likely that applications are reviewed on a first-come, first served basis.

2. **USE A FREE SCHOLARSHIP SEARCH SERVICE, SUCH AS FAST WEB.** [FastWeb](#) specializes in finding scholarships for students based on each student’s profile. *FastWeb* asks for basic information about you and will match your profile to the opportunities in their database. Then, the company will send the matches to you via e-mail. (More examples, [Scholarships.com](#), [CollegeBoard-Big Future.org](#), [UNCF](#), etc).

3. **FOCUS ON LOCAL OPPORTUNITIES, FIRST!** Most students search for scholarships using the Internet, using similar and generic search terms chosen by others leading to the same results. Focusing on local opportunities is a good strategy since these are not widely advertised and have fewer applicants. Your chances of earning these are greater as a result. (Examples: [City/County Governments](#), [State Higher Education Agency](#),

High School Guidance, [Community Foundations](#), [Chambers of Commerce](#), places of worship you attend, local businesses, etc).

4. **APPLY FOR AS MANY LEGITIMATE OPPORTUNITIES FOR WHICH YOU MAY BE ELIGIBLE.** Earning scholarships is a numbers game. Your chances of seizing opportunities can depend mostly on how many for which you apply (according to the rules of each). According to [Student Scholarship Search.com](http://StudentScholarshipSearch.com), statistics indicate that students earn 1 scholarship for every 10 for which they apply, which took reading over 100 opportunities to find. Please keep this in mind when developing your realistic search schedule.
5. **TAKE ESSAY REQUIREMENTS SERIOUSLY.** If any scholarships for which you will apply require an essay, be sure to read the requirements carefully, create an outline of the essay's basic parts (intro, body, conclusion, etc.) accordingly, possibly record yourself dictating your responses and use the recording to assist with your draft. Consider your audience for the scholarship when writing. USE A SPELL-CHECKER! Ask someone whom you trust to read over your essays and consider any recommendations. ([GoCollege.com/essay tips](http://GoCollege.com/essay_tips))
6. **CREATE YOUR OWN SCHOLARSHIP RESUME AND SUBMIT WITH EACH APPLICATION.** Who you are as a person is much more than the answers to very limited questions found on most scholarship applications. However, these answers will form the only image of you organizations will have with which to make a decision. On the other hand, a brief, concise, well-written resume, tailored to the grantor's mission (i.e. increase math competency among youth) could make 'a world of difference'.

Here is a link to [Go College.com](http://GoCollege.com) that may help.

7. **PRIORITIZE YOUR APPLICATION EFFORTS.** Organize all of your scholarship findings based on your actual chances of earning each. Then, proceed to apply for the ones with the highest priority, first (i.e. state grants, other local opportunities).
8. **KEEP A COPY OF EACH APPLICATION, ESSAY AND RESUME YOU COMPLETE AND SUBMIT.**
9. **SEARCH CONTINUOUSLY THROUGHOUT YOUR UNDERGRADUATE, GRADUATE OR PROFESSIONAL STUDIES.** Failure in most undertakings can form the foundation for future successes! Statistics show that scholarship applicants will receive more denial decisions than acceptance concerning their application efforts. Don't give up!
10. **CONSULT WITH YOUR INSTRUCTORS AFTER CLASS TO LEARN HOW THEY HELPED TO FINANCE THEIR WAY THROUGH SCHOOL, USING SCHOLARSHIP OPPORTUNITIES.**
11. **CONSULT WITH FRATERNAL AND SORORITAL ORGANIZATIONS** (if applicable).
12. **ASK CURRENT GRADUATES IN YOUR FIELD FOR TIPS.**
13. ***DEVELOP A HIGH VALUE FOR SCHOLARSHIP SEARCH IN A MANNER SIMILAR TO THAT WHICH YOU WOULD FOR YOUR ACADEMIC STUDIES AND PROFESSIONAL PURSUITS!!!!**

What you need to know about scholarship scams

Scholarship search services and financial aid advice services are common these days. Unfortunately, too many of these for-profit companies charge high rates to provide information that can be found elsewhere for free.

Charging a lot for a service isn't illegal – what makes some of these companies fraudulent is that they collect money to find scholarships for students but never provide the information, or they misrepresent themselves as a government agency in order to appear legitimate and attract customers, or they guarantee they'll get the student full funding for college (and then don't). Still, although it's obviously legal to charge for services genuinely rendered, you should keep reading if you want to save yourself some money...

If you're searching the Internet for scholarships and visit a site that asks for your credit card or another form of payment before it'll help you find funding, you might want to keep searching. Similarly, if you or your parents are contacted by an unfamiliar organization that invites you to an "interview" or "seminar" about preparing and paying for college, do your homework. Ask your high school counselor or a college financial aid administrator whether they've heard of the organization and know it's legitimate. In many cases, such invitations are a way to get you and your parents to come listen to a sales pitch: the company wants you to pay for advice on scholarships and other funding.

Don't believe anyone who tells you the information they offer can't be found anywhere else. You can get free advice from a variety of sources. The best places to start are your high school counselor or a college financial aid administrator.

Financial Aid Disclosure

Federal Student Aid Guidelines require schools to include various types of aid, as part of the student's estimated financial assistance in their financial aid package. All students are required to report all instances of expected aid to the Financial Aid Office.

Please refer to the *Scholarship FAQ* webpage on our website for a list of financial aid types which must be reported to our office at: http://www.hamptonu.edu/studentervices/financialaid/scholarship_faq.cfm.
