Dr. Isi Ero-Tolliver, PhD
Interim Dean
School of Science

Dr. Isi Ero-Tolliver is the Interim Dean for the School of Science, a role she has held since July 2020. As we prepare to move into face-to-face classes and with the vast change that is upon the University, Dr. Ero-Tolliver would like to hold a Town Hall with alumni who have graduated from the School of Science.

The gathering will be via Zoom in the link provided.
