

Be well, while at your “home by the sea”.

# Welcome to the Health Center

132 William R. Harvey Way (located across from the library)

## Health Services

All students must present a current validated student I.D. at the time of their appointment. You must be a currently enrolled student for services. We provide outpatient, primary care to include colds/flu, minor injuries, PPD testing, male and female reproductive health care and screenings, referrals

to specialist, and laboratory services. Students who are taking behavioral and specialist prescriptions at home may have those medications transferred by their provider to the **Hampton Health Mart Pharmacy** for free, weekday delivery on campus. Call 757-864-0380 for additional information.

## Billing Information

There is no co-pay or fee to see a medical provider. However, **CHARGES** occur for laboratory testing like a strep test for a sore throat, prescriptions or other services. **Payment is required at the time of service for all in-house charges.** Options for payment are cash, Credit Cards (Visa/MC, Discover, AMEX), or charges may be billed to the Student Account.

**We do not bill your health insurance.** A WALK OUT STATEMENT is provided at Check Out that can be used to submit a claim for health insurance reimbursement. Students must have a copy of the front and back of his/her health insurance card should prescriptions, referral lab services, radiology services or referral to a specialist be required.
