The White House Office of Faith-based and Neighborhood Partnerships (WHOFBNP) includes representatives from 15 federal agencies, working with faith-based and secular nonprofit organizations to build bridges and better serve Americans in need.

During the Obama administration, WHOFBNP has convened seminars during the Church Development and Leadership Academy to highlight the work of the faith community by sharing promising practices and providing technical assistance to strengthen our shared work.

This year will focus on celebrating some of our shared successes and laying the groundwork for continuing connections. Faith leaders will have the opportunity to share ways they are meeting the needs of people and their vision for the future.

Workshop presenters will represent the following agencies:

- Department of Agriculture
- Department of Commerce
- Department of Education
- Department of Health and Human Services
- Department of Housing and Urban Development
- Department of Justice
- Department of Labor
- Department of Veterans Affairs
