

HAMPTON VIRGINIA 23668
(757) 727-5231

OFFICE OF THE PRESIDENT

April 4, 2022

Dear Hampton University Students:

As we all know, the country has experienced unprecedented times due to the effects from the COVID -19 pandemic. Many families have suffered and some are still suffering financially because of this crisis. Hampton University has taken various measures to assist our students during this time. Qualified students received distributions under the Higher Education Emergency Relief Fund and those who had an outstanding balance at the completion of the Spring 2021 semester had their balances paid off. The University also issued a \$200.00 book scholarship to all enrolled students for the Spring 2022 semester.

In keeping with the University's efforts to help our students, there will be no increase in Tuition and Fees, Room and Board for the 2022-2023 academic year. In addition, on behalf of the University, I am pleased to announce that all outstanding balances for the Spring 2022 semester will be erased. We hope that this action will continue to assist our students and their families at our Home by the Sea.

With all good wishes,

/s/
William R. Harvey
President
